“ I have only fond memories of Barb, my Dear Cousin. The first-born of my many Cousins, she always treated me with kindness. As a child, I felt totally safe with her, and later (as a young adult), I had the great pleasure of visiting Barb (and her Family) in Hawaii! It was my first-ever airplane ride, and Barb helped me feel at ease. Warmly welcoming me into her Home, she made sure I had fun times, including what would become one of my sweetest memories ever: eating fresh pineapple--for the first time! (Never again have I tasted such delicious pineapple!) I'm extremely grateful for the warmth and sweetness Barb freely gave to me. May all who knew her find Comfort during this time of Loss.
Love, Cindy
