Betty was blessed with many grandchildren and great grandchildren as well as numerous nieces and nephews from our extended families. And of course, was mom and dad's springer spaniel "Rosie" she so loved mom as mom her.

There are not enough words to sum up our gratitude and appreciation for all the love and patience you provided mom. Mom leaned on and cherished each of you: her doctor Tracie Carter, all members of the Hospice Team (Rhonda, Gayle, and others...you know who you are) and the wonderful staff at Respite Care for the many hours of care helping mom get through her illnesses and making life so much better for her.
