“ Hey beautiful, thank you for always making my day with your smiles, love, positivity, humor and cute character. I still can't believe that you are not here with us to make us feel better 😞 we could definitely use you right now. I know that you are up there looking down on us and saying “yea, that's why”. You will forever be loved and missed Lil Mila. Know that your Tio will always be around to make you proud. Love you beautiful, until we see each other again!!

“ *Camila always gave compliments to anyone who walked through their door. She would find anything to say to make you feel loved and it was the most precious thing about her. To love those she knew 💜 Camila and I share a love for avocado plushies and butterflies. There won't be a day I don't think of her and miss her presence. Until we see each other again Princess Camila. I love you to the galaxies unknown.*
