“ my grama was a wonderful, amazing, caring woman. she was always so willing to help anybody thru any situation and has been there for me through the hardest points in my life, and was willing to do anything for me. i made so many amazing memories i will never forget with her. its always put a huge smile on her face to see me, even for a short amount of time. if i could have just one more day with her, itd be the ebst day of my life. i hope im still making you proud grams. she was the best grama anyone could ask for. i miss her so so much each and every day, but i know its for the best that shes in a peaceful place now, and not in any more pain.

*i love you grams, i miss you like crazy but just know i think about you every day. i even have your favorite poem in mine and kalebs trailer to remind me of you. its comforting reading that because i know thats how you want us to feel about your passing but its just so hard to live every day without you.*

*i love you grama. you will always be in my heart and mind.*
