“ Charlie Martin was a good man and a great friend. Some days I miss him so much that i can't stand it. I just wanted to say to Patsy, Charlie Jr., Scott and 'Precious' that I wish I could have been there to hold his hand when he went, because he really was scared and sad and he wasn't done here yet and we both knew it.. and I wanted to say thanks sincerely to any and all of Charlie's family that were there for him in his last moments. It can't have been easy for him to let go and I am forever grateful that y'all were there for him and he wasn't alone. My condolences to you and yours. Sincerely, Celeste Beliz-Applegate
