“ *My sincere heartfelt condolences go to Christie’s Family. I knew Christie since I started my job 26 years ago, where we worked together for many years. Christie was warm and welcoming to me and her peers. She had a funny side to her as well and if you knew her, it was even funnier! She loved her family and introduced me to her nieces year ago, whom she was very fond of. Not knowing until years later that one of them would become one of my best friends! :) Christie- You are truly going to be missed!! <3*
