“ Dena was such a kind and generous soul. All of my memories visiting her home over the years are positive. I remember watching Sci Fi movie classics like "Batteries not included" and "Short Circuit" when we would visit. Mainly I just remember she always had a positive energy and would lend a helping hand whenever she could.
Love you Aunt Dena❤️

“ My big sister will be missed. I talked to her everyday. I always thought her superpower was teaching kids and adults who were afraid of the water how to swim. I remember growing up when my mom and dad worked together Dena would watch us and we always got excited when Ralph the Breadman would deliver bread. We would always try to talk her into letting us order Hostess goodies, but this rarely worked. In her later years, she always tried to help people less fortunate than herself, even if she did not have the means to do so. When she lived in Wenatchee, she met a down-on-his-luck young man, who mowed her lawn and for payment she cooked him dinner. She loved to cook, so this worked out well. She always put others before herself. Love you Dena.

“ Thank you to everyone who visits my sister's memory page. You do not need to send flowers. Leaving a memory or thought is enough.
