“ Denny will always hold a special place in our hearts. We had the pleasure of living next door to Denny on Garland in Missoula for 3 years and being around the block from him for another 2 until we moved out of state. We shared many Pizza dinners with him. He joined our family for Thanksgiving dinners for 4 of these years. He became a part of our family. We enjoyed his company and his stories. He was always thoughtful and inquired about our families well being. Darby called a month or so back as we were trying to contact him- I am sorry that we didn't get to touch base with him. I am glad that we had the opportunity to take him to dinner last year when we were in town. I will think of him every Christmas as I write out my Christmas cards- he was always so appreciative of receiving cards from people. Our prayers are with you during this time of loss. We will miss Denny. Sincerely, Darby and Emily Lefler
