

Diana Funston

November 1, 1960 - August 13, 2024

Our mother and friend left this world peacefully at Central Washington Hospital on Tuesday, August 13, 2024, at 7:48 pm. Surrounded by her son, Bud (Robert), and her daughter, Rachel.

She was born in Wenatchee WA at Deaconess Hospital to Robert and Helen Funston. Diane was always there for you in any way she could be. In her younger years, she enjoyed a day on the town a ride on the bus, or a walk through the store shopping with her mom. She enjoyed the company of friends who have passed and recently enjoyed visiting with family friend Evelyn, a long-time bus rider friend. In her older years, she enjoyed being home occasionally, still going to eat or for a drive around town many times, she shared eating out and trips to Tacoma.

She cared for her dad while recovering from surgery and they were able to have good times together and make up bad times before his passing in 2014. After that, she cared for her mother, until her passing in 2019. Even in her last months of sickness, she cared about everyone else before herself. In her last days, she got to see her family and was at peace.

The family hasn't always been close, but we believe Diane left this world knowing she was loved. She is survived by her son, Bud (Robert); daughter, Rachel; sister, Judy; sister, Shirley; granddaughters, Alexia and Shawna and

grandson Michael.

We will miss you mom.

“ Hi mom. 2 months since you left..I really miss you and its been really hard..we always had our good times and bad times but I always will remember how much you loved me and we always had a way of figuring everything out together. I still see or hear things and want to grab the phone and text to tell you. We always loved our messages about the news. Your apartment is being painted and getting new rugs. It will be getting new locks and keys. Your keys are still on your jeans The last jeans you wore before going to the hospital. I still have my key and I'm homering your wish. They don't need a key they can change the locka. The apartments by the library are just not the same without you. I will always remember the good times. I miss you mom thank you for always being here for me. I love you your baby boy bud.

“ Hi mom one month without you just doesn't seem real. I just keep thinking about all the good times we had and I know you would want me to enjoy my life but it's so hard. First time moving the apartment without you. You would of been happy to see everything made ir safe to storage. There are still a few things left that I just can't get myself to move. I guess I'm holding onto the apartment in doubt I can't believe your gone. Last night I fell asleep on the floor like old times reminded me of when we would always move and sleep on the floor a couple nights before getting furniture. We always figured everything out together and I hold onto the words you told me on the 22 of July and I will always remember u love me and will always be your baby boy. I love you mom miss you.

“ *Diana was a wonderful lady that I had the privilege to meet many years ago. I've thought about her off and on throughout the years. She was a very special lady. My condolences to her family.*

“ *Yesterday you left me a message. My friend asked me to pick up some window cleaner and some meat. I was planning to go to Walmart but she said it had to be Albertsons. As I grabbed the cart I noticed this white envelope in the back. I picked it up and it said son you don't hear this enough but your appreciated. It's been one week since you left and i just can't believe it. Yesterday I went with my friend to olive garden. Mother's day 2020 was out last time there. I hope your eating lots of hamburgers with grandma. Love you mom.*
