“ I had the honor and privilege of working for Miss Pratt for a short period in the fall of 2019 after 30 years of care giving/management for a local non profit company. Her gift of welcoming me in her home was precious as I assisted her. We shared much laughter and a few tears while sorting through boxes and boxes of pictures. We shared our belief in Jesus as Savior. I will see you later Miss Pratt. Thank you for letting me assist you Miss Pratt. You are loved.
