“ We were saddened to hear of Tom's death on the 24th. Many of us knew him. Some of us taught with him either at East Valley High or at Eisenhower. Others of us in lower grades of teaching knew him as our Y.E.A. president. Many of us did not know of his going into the priesthood, but can visualize Tom in that calling. He touched many lives during his time on earth. Please accept our sincere condolences. May your memories be a source of comfort for all of you in the days ahead.
