“ *For Andrea Hoey and family- my prayers are with your family. I was a patient of Dr. Hoey. Just an average patient; someone who was always 'less than the best I could be'. Of course, he helped balance my deficient hormones, like he did for thousands of others. With his help, in my advancing years, he helped restore my energy and good health. I will miss his memorial. Because of his good work, I am still able to be physically active, and on September 11, I will be riding with Cycle Oregon. Thank you Dr. Hoey. And thank you to his family for sharing him with us. ❤️ God bless.*

“ My deepest condolences to the family... Glenn and I were very good friends in high school and lost track of each other after college... I am saddened to hear of his passing. I have such fond memories of Glenn during our teenage years and have no doubt he was a wonderful husband, father ,doctor and friend. God bless you Jim Guidice

“ Andrea, Our deepest sympathy to you and your family. You are in my thoughts often since we heard about Glenn. Glenn was a comfortable guest when he stayed with us during his weekly work at Bastyr University all those years ago. On the occasions I would see Glenn, I admired his passion for helping people. “ I had been in a horrible car accident and Glen and Andrea came to the hospital to see me there were immediate family only signs posted on my door. And the nurse asked Glen and Andrea if they were family Glen said yes and came right in to see me I will never forget the big smile and hello on his face when him and Andrea walked in he was right he will forever be in my heart. “ Dr Hoey, made a difference in the medical field, he listened, asked how I was doing every time I came in. Helped me find a solution and understood my frustration. Within three months I was feeling better and sleeping through the night. Dr hoey was passionate about being a doctor and making a difference. He made the world a lot brighter. I will forever be thankful for his care and will miss him.
