Our beloved, Judith Monteen Chapton (Barksdale-Johnson) unexpectedly left us on June 26, 2024, in her East Wenatchee home.

She was born on March 25, 1953, to Anna Monteen Barksdale and Kinard Lynn Barksdale in Wenatchee, WA. Judy graduated from Wenatchee High school in 1972, continued her education through the “Wenatchee Beauty Academy” to be a cosmetologist but was most passionate about being a beautician. Judy touched all who knew her and will be greatly missed.

Most knew her as Judy; she leaves behind her husband, Chuck Chapton; son, Gregory Johnson; granddaughter, Chloe Johnson; brothers: James and Jerry Barksdale; niece, Jill Malone; great nieces: Joslynn, Jayci, and Jayden Simmons; and nephew, Andrew Barksdale.

“ I was first introduced to Judy as a little girl. Her and my mom became friends and through their friendship I met Judy. She was only 15 years older than me but I loved her as a mother figure. Over the years we would run into each other around town. We'd say hi and chat for a bit. She even did my hair a few times as she knew I couldn't afford to have it done at a salon. We were never close until these past couple years. Through life events we became extremely close. We spoke on the phone at least three times a day and when we weren't talking on the phone we were texting each other. I'm thankful I don't erase text messages. I will always have them to remember her. I don't know what to say about Judy as there is so many wonderful qualities she had. I will share the most recent since there are so many wonderful things she did for me. A couple weeks before her passing I called her to let her know my stomach was killing me (one of the many things we had in common was stomach issues) and I was going to the ER. She barely let me get the words out before she said she would take me. She picked me up and off to the ER we went. She sat with me the entire two hours I was there. I mentioned she could go and pick me up later but she was there and wasn't going anywhere. After I was released from the ER she took me home. It wasn't long after that she called and said she was bringing me some Prilosec OTC so I would have some to take while my prescription of Prilosec was being filled at the pharmacy. When she knocked on my door she not only had the Prilosec but a bag full of food she had made. This was Judy a lady who cared for and helped anyone she could. I am truly blessed to have the memories we made together. She truly was an amazing lady and I will miss her always. Not a day passes that I don't think about her and the impact she had on my life. Until I see you again Judy, I will carry you my heart.
