Judy Lytle, 71, of East Wenatchee, died Saturday, October 4, 2025.
Arrangements by Chapel of the Valley, East Wenatchee.

Tribute Wall

SF

“ We met in 1988, I walked up to our backyard fence & met this pretty lady with a big black eye (missed a fly ball in a Jack & Jill softball game). Her name was Judy Lytle, and we became lifelong best friends that day. We were inseparable. Our families spent weekends together, watching our kids' sports, cutting Christmas trees in the mountains, going to Idaho to get the girls puppies (Spanky & Blacky), having slumber parties at Judy's when Mike & Larry were hunting, staying at Max's cabin in Chelan with the girls. Larry & Judy loved playing pranks on each other's birthdays (their nickname "Buttwipe" for each other). Many motorcycle rides to Oregon, Montana, Canada & rides around town. We worked together at Confluence in the eye department, so many good memories with the crew there! Our last time together, Larry & I spent the weekend at Lake Roosevelt with Mike & Judy, so many laughs, hugs, & remembering the fun times & memories. She was my rock & best friend!

“ Some of my fondess memories were working years with Judy in ophthalmology. She was the happy, funny glue that kept the whole team together as a working family. She will always be in our hearts with the love and the laughter she created every single work day. Miss you already buddy.
