“ I still can't believe that my best friend of 50 years is gone. I am so glad I got to see you on your final day here on earth and to tell you I love you. We had been through so much. I remember the first day of 4th grade, you had just moved here and we became instant friends and continued for 5 decades. A bit of my heart goes with you, Kathy. You will always be with me. "Sisters" for life and in death! You are now pain free and with the love of your life, Larry. Our deep thoughts and prayers are with the Liebrecht family and the Turcotte family. We love you all

“ I will truly miss Kathy and her very infectious laugh. Not only was she my sister-in-law but also my very dear friend. Although I was not able to spend a lot of time with her these last few years, I knew I could always call her and that she would always have me laughing in no time. She had a sweet, gentle spirit that touched our hearts in ways that few people can. Everyone that met her, loved her. I feel so bad about her passing. Becky my prayers are with you sweetheart. I am so very sorry for your loss.

“ Kathy was the funniest real person I have ever met. I always told her she had a career in comedy if she wanted. I loved her and loved running into her at the store. I am sorry for your loss and I wish I had a funny Kathy quip to share with you but I am just sad.
