“ My sympathy to all of you as I have read about Mrs Houses passing. My sweet memories of(Lillie) we're from days of many years ago. She was a woman who loved her family, her faith was her foundation that lead her life , and her love for Mr. House was one to be admired and adored as she always lit up when he was in the room. She was like a mother to me and her strong loving opinions I valued always. We know she is walking with angels now and her sweet spirit and love for life will always be a sweet memory for me . My prayers and love to you all in your time of sadness
With Love and much admiration
