“ I work at the Swinomish Casino and Lodge. I used to drive Lucille to and from her home when she needed a ride to the casino. I always looked forward to our chats! She had so many great stories to share about her life. ..and I often find myself in tears from laughter in the candid way she had in telling them. I moved to a different department a few years back and I didn't get to see Lucille as much as I used to but I often thought of her and wondered how she was. I'm very sad to learn of her passing and I will never forget her. Such a great lady.
