“ Chris, Gary, and Greg: I had a long visit with your Mom in June 1969 (year of my 50th hs reunion) when I familiarized her with the ancestral ties between Ida Beatrice (her grandmother) and my Uncle, Fred Coulthard. We had the nicest time -- her voice sounded as I always remembered it. I still remember playing at your house when I was young (and playing with all of you in the summertime -- hide 'n seek especially). (I also remember a few times at the Tibbits home.) She lived a long, productive life and was a real help (and companion) to my mother in her later years. My condolences, Ann Coulthard
