“*Rick and family. I am so sorry I was unable to attend the service. It is still hard to believe Marla is gone. I have had the opportunity to talk with her a few times since she left CW and she was so glad to be able to stay home and not have to work. I treasure the years I worked with her and will keep her memory in my heart forever. My thoughts and prayers are with you. Ginny*

“*I wish I had been around more and seen her more and got to know her because it sounds like I missed out on a really wonderful person. I remember as a kid always wanting to see her more, since after she moved we only saw her on holidays. I loved her and it's true, we all learn that we should have done it differently when it is too late. I learned from this experience that I need to have my family near and get to know them before it is too late!*

“ Rick, Blake and Troy It's hard to know what to say. Marla was one of the kindest persons I've ever known. I wish I would have visited her more. When someone is gone you always think of what you should of done. I think she would want us to see what we could do to help each other now. Please stop and see us and if we can do anything for you let us know. My hart is hurting for you. Jan
