“ *Pat was the epitome of what it means to put other people first in life. No matter what she was going through, she wanted to make sure we would all be ok when she left this world; and I believe that - as well as her love for all those dear to her was what kept her going as long as she did. She loved her family so very much -and she treasured each of your unique gifts, she was so proud of you! She loved her many friends that she met through her life's journey and always recognized a beautiful soul when she found one. She loved her job and her her co-workers. She had a commitment to both that is rarely seen and she has become a voice in my ear whenever I struggle to get something done. She worked until she physically could not and did so from her heart. Her love and her spirit will live on in each life that she touched.*

“ I have only known Pat for a short time but what a great Joy, Gift and Honor it has been to share in her journey. Our time every morning to stop and read Dilbert and The New Yorker calendars for our daily laugh to start our day will be a cherished memory and something I will continue. Cheers my Friend to laughing and always making the BEST of Life. You will be missed

“ My desk is close to Pat's at work. She touched many lives at work. I miss her laugh, Accounting jokes and stories about her family. I miss seeing her at Starbucks on a weekend morning. The memories I have of Pat will stay with me forever.

“ I met Pat when I started working at the Hamilton Building for WVMC in 2012. We became fast friends and my life was blessed to have known her, if only for a short time. She was an incredible woman, who loved her husband and daughters beyond measure. I cannot believe she is gone, but she graced my life with her presence and will remain a fond memory of an amazing friend until we meet again.
