

Ronald E Fletcher

August 5, 1939 - December 10, 2022

Ron Fletcher was born August 5, 1939 to Wendell and Jean Fletcher in Molson, Wa. Ron left us December 10, 2022 at the age of 83. Ron spent his youth on the family homestead on Fletcher Mountain in the Okanogan Highlands and attended school in Molson. Post-graduation, Ron left the family ranch attending college at Wenatchee Valley and later Central Washington University. After receiving his teaching degree at Central, Ron continued his education, attaining his master's degree in Mathematics at Oregon State University.

Ron met Anita (Feddersen) in Molson one summer and in 1962 they began their 60+ year journey together. Ron's teaching career took them from Orting, Wa to Wenatchee in 1965 where they started their family with Mike. Gregg followed soon after. Ron taught all kinds of Math at Orchard Jr High, Wenatchee Highschool and Wenatchee Valley College. Being a consummate teacher, his lessons reached far beyond the classroom. He continued to teach a wide variety of topics including math, fishing, gardening, canning, sausage making, and Okanogan Highlands history to whomever needed the education. Ron had a wide range of knowledge and skills. For a good number of years he drove Zamboni at the local ice rink and spent hours fishing many of the local lakes including Chelan, where the fish feared him.

Ron and Anita spent much of the last 20 years near their childhood homes in

Chesaw, Wa establishing a summer residence and providing lasting memories for all. In Chesaw, Ron manicured the town with his riding lawn mower, assisted with the water district and passed on the local history in his Chesaw Tavern classroom.

In this classroom, when the bell rings, it is not time to go home. Cheers!

Ron is survived by wife Anita, sons Mike (Andrea) and Gregg (Amanda), 4 grandchildren and 2 great grandchildren. He is also survived by brothers Dan(Donna) and Scott(Terri) Fletcher.

He was preceded in death by his parents as well as brothers Gary and Steven Fletcher.

Services to be planned at a later date.
