“ Scott was a good neighbor. He was always friendly and would stop for a visit. He was good friends with my Dad. They are together again. He will be missed.

“ Scottie and I met at Albertsons at the age of 16, where we worked as courtesy clerks. We had some fun times! Motocross, concerts, water skiing, camping in Chelan, fishing with Judy and Larry Sunlakes. Thanks for being such an amazing friend. Rest in peace, my first love.

*Thank you for this comment. It sounds like you knew my dad/family well and the things that made him/them the happiest.*

*I miss my grandparents so much, but I am grateful my dad is with them and uncle Greg again.*
