“ My last memory of Scott is him climbing out of the cab on his rubber track tractor on a hot, dry, dusty September afternoon. Old T-shirt with neck and sleeves cut out. Out doing what he loved. Farming the place. He always had time to stop and talk when I would drive by after spending some time hunting birds on his land. Discuss the weather or lack of, equipment, or what he and the family were doing. I will miss those conversations. As his nephew, Dad, said, the place won't be the same. To his family, I am so sorry for your loss.

“ Tammy Oberg Lee, cousin and flower girl next to Scott and me at my wedding, shared this sweet pic of Scott when he was about 11 year old. He was a sweet kid who loved to ride motorcycles since about the time he could walk! I think he must have been around 3 years old when he was riding his first motor bike!!

Thank you for your kind words about my brother ☐ 🟡

“ Uncle Scott will be greatly missed! My boys (especially Dash) have spent countless hours bugging Uncle Scott while he was working on some sort of equipment in his shop. Dash’s dirtbike would break down and the first thing he’d do was run over to tell Scott. He was so incredibly patient and happy to help the boys! We were so lucky to have lived next to him and Lynn these past years and are going to miss him so much. As Dash told me, “It’s just not the same around here since he’s gone.” Thank you Uncle Scott for “getting a kick out of our boys” and always being there for them. We are thankful for the time we’ve had with you.
