“ I was fortunate to enjoy a lifelong friendship with Terry Parks. We met as next door neighbors when we were four years old and later lived a couple of blocks from each other in East Wenatchee. I have many pleasant memories of our lifelong friendship which included backpacking, fishing and working together.. As a backpacker he had amazing strength and stamina. Looking at old pictures I found one of Terry holding a fish that had won him the bet of who would catch the biggest fish that day. He jokingly wanted to document his winner which was a five inch rainbow. As a coworker I admired his many abilities including an awesome sense of dependability. He worked in Seattle and went home to Wenatchee on weekends. Monday mornings he made the commute to Seattle which included traveling the passes in winter. In about five years he did this without being late once. It inspired awe in everyone around him. Terry lived an amazing and interesting life. Friends will miss his smile and cheerful attitude. He will be mourned by many.

“ Dear Teka and Family, I first met Terry at Tilly Equipment when he purchased a new Stihl Chainsaw. Through the years we had a variety of experiences: a weekend at Stehekin; flying in his plane to Penticton; campaigning for my elections; Terry was a loyal friend and always enthusiastic.

Sincerely,

Earl Tilly

“ I became a part of the life of Terry Parks in 1959 and I was blessed to have had the gift of walking the final journey with him. He shared life stories, adventures, regrets and we laughed a lot. Teka and I got a kick out of his “ diabolic” laugh.

Terry’s legacy is one that I hope to enjoy for many years to comethe children. Teka and Tyler, Kevin, Kelly and those gorgeous granddaughters Brighton and Maren.
