“ Fourth of July 2024, Dinner at the last house you guys bought. I revel in being the one that ‘shocks’ others with my wit & self deprecating remarks. Im the newest kid on the block so it’s mostly low hanging fruit for me. You left me speechless and tickled with your account of the evenings at the care facility and the activities those evenings entailed. I must have turned every shade of rose because Cindy & Courtney(Harmon) laughed for the rest of the meal about that.

You’re a light this world needs more of. I don’t think you could even believe the mark you left on this world and the joy that lives on because you were ‘just you’. Trudy, I don’t doubt you’re soaring with the angels now and watching over all that remains precious & even undeserving(at times). Soar On Trudy! I hope I’m good enough to see you on the other side. ❤️
